Subject: Press Release and Earnings Conference Call
Ref: Our letter dated April 4, 2023

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are sending herewith copy of the Press Release and Investor Release w.r.t. Financial Results for the quarter ended March 31, 2023.

Thanking You,

Yours sincerely,

For L&T Technology Services Limited

Prajakta Powle
Company Secretary & Compliance Officer
(M. No. A 20135)

Encl: As above

L&T Technology Services reports 22% revenue growth and record high margins in FY23

**FY23 Revenue of ₹8,014 crore, up 22% YoY
FY23 Net profit of ₹1,170 crore, up 22% YoY**

Mumbai, April 26, 2023: L&T Technology Services Limited (BSE: 540115, NSE: LTTS), India's leading pure-play engineering services company, announced its results for the fourth quarter ended March 31, 2023.

Highlights for Q4FY23 include:

- Revenue at ₹20,962 million; growth of 19% YoY
- USD Revenue at \$255.1 million; growth of 12% YoY in constant currency
- EBIT margin at 18.7%
- Net profit at ₹3,096 million; growth of 18% YoY

During the quarter, LTTS won a USD 40 million deal and three USD 10 million plus TCV deals.

Highlights for FY23 include:

- Revenue at ₹80,136 million; growth of 22%
- USD Revenue at \$990 million; growth of 16% in constant currency
- EBIT margin at 18.5%, a record high for LTTS
- Net profit at ₹11,698 million; growth of 22%
- Final dividend of ₹30 per share recommended by the Board

"FY23 was a landmark year for us as we crossed a billion dollars in revenue run rate and ₹1,000 crores in annual profits. Our EBIT margin was the highest ever at 18.5% driven by a strong focus on building a robust and sustainable operating model. The combination of steady growth and expanding operating margin has led to an 18% CAGR in profits over the last 5 years.

Across our segments, we find that the top priorities for customers are innovation leveraging advanced technologies, energy transition and supply chain resilience. These priorities dovetail well with our big bets strategy and enable us to engage in larger deal conversations. Our own innovation engine is firing in tandem with a record 222 patent filings in FY23 taking the total to 1,090.

We are optimistic about the future and look for another year of strong growth as we partner with the top ER&D companies globally in developing next generation products", said **Amit Chadha, CEO & Managing Director, L&T Technology Services Limited.**

Awards & Recognitions:

- LTTS has been awarded 'BIG Innovation Award' for Innovation in IoT for EDGYneer by the Business Intelligence Group
- The 13th Aegis Graham Bell Awards honoured LTTS in Award of Excellence for Innovation in Charging Network
- LTTS has been recognized as a *Partner-level Supplier*, by John Deere for the fourth time, for outstanding performance in product and service quality
- LTTS has been rated as leaders in Digital Engineering Services in the USA, across Design & Development (Product, Services, Experience), Integrated Customer/User Engagement and Experience, Platforms and Applications Services, and Intelligent Operations by ISG
- ISG also rated LTTS as the leader and the only pure-play ESP in Manufacturing Industry Services in the US and Europe
- CSR Journal's Special Commendation Award recognized LTTS for Clean Energy Project benefitting tribal areas

Patents

At the end of Q4FY23, the patents portfolio of L&T Technology Services stood at 1,090 out of which 727 are co-authored with its customers and the rest are filed by LTTS.

Human Resources

At the end of Q4FY23, LTTS' employee strength stood at 22,233.

About L&T Technology Services Ltd

L&T Technology Services Limited (LTTS) is a listed subsidiary of Larsen & Toubro Limited focused on Engineering and R&D (ER&D) services. We offer consultancy, design, development and testing services across the product and process development life cycle. Our customer base includes 69 Fortune 500 companies and 57 of the world's top ER&D companies, across industrial products, medical devices, transportation, telecom & hi-tech, and the process industries. Headquartered in India, we have over 22,200 employees spread across 17 global design centers, 28 global sales offices and 99 innovation labs as of March 31, 2023. L&T TECHNOLOGY SERVICES LIMITED

FOURTH QUARTER - FY 23 RESULTS

Investor Release

Mumbai, India, April 26, 2023

SAFE HARBOUR STATEMENT

Certain statements in this release concerning our future growth prospects are forward-looking statements, which involve number of risks, and uncertainties that could cause our actual results to differ materially from those in such forward-looking statements. L&T Technology Services Limited (LTTS) does not undertake to update any forward-looking statement that may be made from time to time by us or on our behalf.

Q4 FY23

- Revenue of **₹20,962 million** for the quarter; growth of **2.3% QoQ** and **19.4% YoY**
- Revenue of **\$255.1 million** for the quarter; a growth of **2.8% QoQ** and **9.9% YoY**; in constant currency, a growth of **2.2% QoQ** and **12.1% YoY**
- EBIT of **₹3,927 million** for the quarter; EBIT margin at **18.7%**
- Net Income of **₹3,096 million** for the quarter, growth of **2.0% QoQ** and **18.2% YoY**; Net margin at **14.8%**

FY23

- Revenue of **₹80,136 million** for the year; a growth of **22.0%**
- Revenue of **\$990 million** for the year; growth of **12.4%**; in constant currency, a growth of **15.8%**
- EBIT of **₹14,792 million** for the year; EBIT margin at **18.5%**
- Net Income of **₹11,698 million** for the year, growth of **22.2%**; Net margin at **14.6%**

CAPITAL RETURN

- Final Dividend of **₹30** per share; Dividend pay-out ratio ⁽¹⁾ of **41%** for the year
- ROE ⁽²⁾ of **26%** for the year

1. Dividend payout ratio is calculated as total dividend payout (Interim dividend plus proposed Final dividend) divided by Net Income

2. ROE represents Return on Equity and is calculated as the Net Income divided by Average Shareholder equity

MESSAGE FROM THE CEO & MANAGING DIRECTOR

FY23 was a landmark year as we crossed a billion dollars in revenue run rate, ₹1,000 crores in annual profits and 1,000 patent filings. Our diversified industry presence has enabled us to grow revenues consistently. The 16% constant currency growth for the year was driven by an industry leading 22% at Transportation and double-digit growth at Plant Engineering and Industrial Products. Annual EBIT margin was the highest ever at 18.5% driven by a strong focus on building a robust and sustainable operating model. The combination of steady growth and expanding operating margin has led to an 18% CAGR in profits over the last 5 years.

In Q4, four of our five segments grew more than 4% sequentially with Medical and Plant Engineering segments leading the growth. Deal wins were healthy with one USD 40 million plus deal and three USD 10 million TCV deals. We maintained Operating margin at 18.7% and delivered another quarter of Net Profit above the ₹300 Crore mark.

Across our segments, we find that the top priorities for customers are innovation leveraging advanced technologies, energy transition and supply chain resilience. These priorities dovetail well with our big bets strategy and enable us to engage in larger deal conversations. Our own innovation engine is firing in tandem with a record 222 filings in FY23 taking the total to 1,090 patents.

We closed the acquisition of SWC on 01 April, 2023 and have made good progress in creating a pipeline of opportunities leveraging the joint capabilities. Till date we have won 3 deals internationally across Next Gen Communications, Transportation and Industrial Products.

For FY24, our guidance is for a USD constant currency revenue growth of 20% plus (10% plus organic growth). We are excited about the ever-expanding potential of newer technologies and our role as partners to the top ER&D companies globally for their next generation products.

Amit Chadha

CEO & Managing Director
L&T Technology Services Limited

KEY DEAL WINS

LTTS closed several multi-million dollar projects from global customers across segments. The major wins are listed below:

- A leading North American transportation major awarded LTTS a \$40 million contract to support them in fleet modernization across areas of vehicular control, simulation technology, Next Gen Communications, Cybersecurity and integration of the latest technology components into the core logistics platform for the customer.
- A leading Swedish OEM has awarded a V&V Engagement to support their Underground Mining & Rock Excavation (UMR) division globally. This involves all end-to-end development and testing activities including HIL/SIL across products, technologies and regions.
- LTTS has won a strategic deal from an American telecom infrastructure company to accelerate product development, set up new lab infrastructure and provide engineering services for its 5G ORAN program.
- LTTS has been selected by a North American Auto OEM to support their vehicle & sub system level based HIL test development, test automation, debugging and test execution for ADAS, EV & vehicle network components.

INDUSTRY RECOGNITIONS

- LTTS was conferred with the '**BIG Innovation Award**' for Innovation in IoT for EDGYneer by the **Business Intelligence Group**
- **The 13th Aegis Graham Bell Awards** honored LTTS in the '**Innovation in EV Infrastructure**' category for its industry-leading EV Charging Infrastructure
- LTTS has been recognized as a **Partner-level Supplier** by John Deere for the fourth time, for outstanding performance in **product and service quality**
- **CSR Journal's Special Commendation Award** recognized LTTS' for **Clean Energy Project** benefitting tribal areas
- **Integrated Watershed Management** project by LTTS was recognized as the winner by **Indian Social Impact Awards**

ISG Ratings

- LTTS has been rated as leaders in Digital Engineering Services in North America across Design & Development (Product, Services, Experience), Integrated Customer/User Engagement and Experience, Platforms and Applications Services, and Intelligent Operations
- ISG rated LTTS as Leader and the only pure-play ESP in Manufacturing Industry Services in the US and Europe
- LTTS has been rated as leaders in Life Sciences Digital Services 2022 for MedTech Digital Transformation

OTHER HIGHLIGHTS

LTTS unveiled a new Centre of Excellence (CoE) in Mysore India that leverages the power of the cloud with Amazon Web Services (AWS). The CoE will allow LTTS to transition its suite of cutting-edge technologies focused on the future of mobility and reduce time-to-market for end customers.

LTTS launched a Tech Center for Intelligent Mobility along with an EV Innovation Center in collaboration with KLE Technological University to foster innovations in the field of mobility and sustainability.

The new EV Innovation Center will bring together some of the brightest minds from industry and academia and enable students to work on cutting-edge EV research and development projects. The Tech Center for Intelligent Mobility will focus on Advanced Driver Assistance Systems (ADAS) and Autonomous Driving Technologies.

PATENTS

At the end of Q4FY23, the patents portfolio of L&T Technology Services stood at **1090**, out of which **727** are co-authored with its customers and the remaining **363** are filed by LTTS.

CORPORATE SOCIAL RESPONSIBILITY

The past quarter witnessed the sheer passion and enthusiasm of LTTSites when it comes to contributing to the society. Key CSR initiatives undertaken by LTTS in Q4 FY23 include:

An Integrated Village Development Programme in Maharashtra comprising 3 rural enterprise units for production of cereals, spices, and flours.

Tabebuia Open Wheelchair Tennis Tournament that saw participation by 35 specially abled sportspersons at the Padukone Dravid Centre for Excellence
