Press Release

L&T Technology Services announces strategic collaboration with Colorado Smart Cities Alliance

To accelerate adoption of smart city projects in the U.S. with engineering solutions across Mobility, Sustainability and Tech

Denver, USA, Bengaluru, India, Nov 18, 2024: L&T Technology Services Limited (BSE: 540115, NSE: LTTS), a global leader in engineering, digital and R&D services, announced a strategic collaboration with the Colorado Smart Cities Alliance (CSCA). This partnership aims to drive innovation and technology integration in smart city development projects across the state of Colorado.

The collaboration will leverage LTTS' cutting-edge engineering expertise to advance CSCA's mission of fostering smart city solutions that improve urban living and create sustainable ecosystems. Through the collaboration of resources and expertise, both organizations aim to foster sustainable, efficient, and technologically advanced communities.

LTTS stands at the forefront of smart government projects, with extensive experience in USA, India and the Middle East. The company's comprehensive IoT offerings enhance city operations, providing security solutions, citywide surveillance, and border security systems. These initiatives optimize resource utilization and promote inter-departmental collaboration, driving operational efficiency.

"Our partnership with LTTS is a testament to our shared vision of creating smarter, more sustainable cities. By harnessing LTTS' engineering strengths, we are poised to accelerate the deployment of smart city technologies that improve infrastructure, mobility, and energy efficiency, benefiting communities throughout Colorado," added **Tyler Svitak, Executive Director, Colorado Smart Cities Alliance.**

"The collaboration with Colorado Smart Cities Alliance marks a significant advancement in our commitment to driving technological innovations that improve urban living," said **Abhishek Sinha, Executive Director & President - Medical, Smart World & Functions, L&T Technology Services.** *"By leveraging our combined expertise and resources, we aim to develop and implement cutting-edge solutions across Mobility, Sustainability and Tech that enhance efficiency, sustainability, and quality of life in urban environments. Together, we are dedicated to providing smart, connected solutions that address the evolving needs of modern cities, ensuring they are equipped to handle future challenges while fostering a vibrant community for all residents."*

The strategic alliance will focus on several key areas, including smart transportation, intelligent infrastructure, energy management, and data-driven city services. Through pilot projects and collaborative research, LTTS and CSCA will explore innovative solutions that tackle urban challenges and enhance the quality of life for residents.

This collaboration marks an exciting chapter in the pursuit of smart city excellence, reaffirming both LTTS' and CSCA's commitment to sustainable urban development. Further updates and developments regarding this partnership will be shared in the coming months.

About Colorado Smart Cities Alliance

The Colorado Smart Cities Alliance is a statewide organization that brings together government, businesses and allied organizations to improve life for all Coloradans through creation of innovative technology partnerships. The organization accelerates civic innovation in Colorado through partnership building, research, education and consulting.
